Dear New Member Policy Group colleagues:

Thank you for your time this morning. Here is my understanding of our discussion and agreements:

1) Proposed pricing formula for new members. After reviewing Bob's workbook depicting how our proposed formula would look for sample libraries with various collection sizes, we agreed on the numbers shown on page 3 of the revised draft report attached. Note: Unfortunately, I deleted the original file and had to reconstruct this information. So please review this table carefully to make sure I captured our discussion accurately. ✓

2) Review draft report. The attached draft 2 reflects my understanding of the agreements we agreed on today. ✓

3) Next steps. Dee and Scott agreed to prepare a flow chart depicting the new member approach, then send it to us for review. We'll discuss it at next week's meeting, along with draft 2 of the committee's report.

4) Upcoming conference calls. In our next meeting, from 10 AM until Noon on 21 August 2002, we will review the flow chart and the revised draft. We've also scheduled future conference calls from 10 AM until Noon on the following dates:

- * Wednesday, 4 September 2002
- * Wednesday, 11 September 2002
