

WHAT MAKES MICHIGAN CHRISTIAN

better?

Michigan Christian Is A **better** Institution

**because it serves the needs
for inner development in the
hearts and minds of people.**

SPIRITUAL VALUES

The inner resources present the greatest challenge in the development of individuals. Unless they grow with Christian influence and guidance, they mean very little.

We, at M.C.C. had this in mind when we planned the total program of your Christian College. We trust you will see the fruits of labor which are sure to follow.

The *depth* of the Christian image at Michigan Christian is found in an expanded scope of service to the world. Not only does it desire to educate students in different vocations, and to train teachers, preachers and missionaries, but to promote better service through the department of international relations.

*Michigan Christian Is A **BETTER** College Because It Serves In A **BETTER** Way.*

Michigan Christian College

800 West Avon Road

Rochester, Michigan

ENVIRONMENT

The campus of M.C.C. constitutes one of the most beautiful grounds found at any college or university. It is conducive for study, and

furnishes a pleasant physical atmosphere for its students.

The *depths* of the environment, however, is the inter-personal atmosphere found among students and between students and teachers. It is here that a spiritual composition is formed through continual contacts in Bible classes, in chapel, and in extracurricular Christian exercises.

ACADEMIC EXCELLENCE

The pursuit of excellence means setting good solid goals for Michigan Christian College to attain. Many of them have already been reached even though it is a young school. Before the first students were graduated the Michigan State Department of Instruction thoroughly inspected it and then gave their official approval to it as an institution of higher learning.

Now there are other goals to reach, and their *depths* will also be measured by their excellence.
