

# Your Next Step

**Rochester College**  
*College of Extended Learning*  
*A Christian Institution*

# Your Advantage at Rochester College

## Flexible Scheduling

### Flexible Scheduling

With accelerated classes in the evenings, on weekends, and online, Rochester College helps you step ahead of the competition. Classes meet once a week for eight weeks, allowing students who have finished their foundation credits to complete their degrees in just twelve months. However, you can set your own pace. With Rochester College, stepping forward with your education doesn't mean falling back in the rest of your life.

## Moving Forward

### Moving Forward

Our generous transfer policies respect the steps you have already taken. With Rochester College, you can transfer up to 90 credits from any regionally accredited school! You can also earn credit for your work and life learning through building a portfolio or taking exams. Professional certificates and training can also be evaluated for potential college credit. At Rochester College, you will be on the most efficient path to graduation.

## Just a Step Away

### We're Just a Step Away

With four locations in the Detroit Metro area, Rochester College is only a step away. Our main campus is in Rochester Hills. We are also located at Macomb's University Center in Clinton Township, Mott's University Center in Flint, and Specs Howard School of Broadcast Arts in Southfield.

*"I really enjoyed my time at RC. I finally hung in there and completed school. I credit the wonderful teachers, the courses, and the program offered. Also, my fellow classmates made it very enjoyable. The Christian atmosphere also contributed greatly. I would, will, and do recommend Rochester College."*

*- Lamont, RC Graduate*

Take your  
education,  
career,  
and life to  
the next step

## *Intelligent Step*

### **The Intelligent Step**

Rochester College offers the most affordable accelerated programs in Southeast Michigan while offering students the maximum amount of financial aid. Plus, Rochester College's academic programs will help you excel immediately, both on and off the job.

## *Christian Institution*

### **A Christian Institution**

Rochester College is committed to providing you a personalized learning experience that combines academic excellence with Christian ideals.

## *Step Right Up*

### **Step Right Up**

Our hassle-free admissions policy removes many of the barriers that students face in higher education. Regular admission is granted to adults who are at least 23 or have three or more years of full-time work experience, and have a high school diploma with a minimum GPA of 2.0 or a GED with a minimum score of 50. Transfer students must have a minimum GPA of 2.0 to be regularly admitted. With classes starting every eight weeks, we are always ready to help you take that next step.

## *Fit Right In*

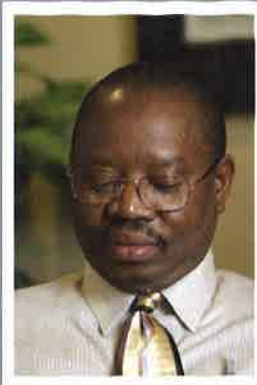

### **Fit Right In**

We have adults from a wide variety of cultural, ethnic, and religious backgrounds.

While the "average" student's age is 38, our students are anything but average!

**Trust your  
next step to  
an  
adult learner  
focused  
institution**

## *Management* **Bachelor of Business Administration in Management**

The BBA in Management focuses on the most pressing issues facing business and industry. Students study international, domestic, and regulatory forces that impact decisions for executives of both large and small businesses.

*"I chose Rochester College because I wanted a school with lots of options and flexibility. At Rochester, I received hands-on training and insights that have improved my life."*

*hands-on training*

- George

## *Accounting* **Bachelor of Business Administration in Accounting**

Rochester College's Accounting degree prepares students for careers in accounting and finance. Graduates are prepared to take either the certified managerial accountant or the certified internal auditor exams, or continue to graduate school and become a Certified Public Accountant (CPA).

*"Finishing my degree quickly was very important to me. Since I am in the military, I never know how long I will be in a certain area and could not commit to a long program. Rochester College was the right choice because they made transferring easy and gave me more credits for my military training than other colleges."*

*the right choice*

- Elena

## *Communication* **Bachelor of Science in Business Communication**

The versatile Business Communication curriculum focuses on management, writing, and verbal communication. The program is designed to provide students with the communication skills necessary to succeed and advance in business and industry.

*"Rochester is a student-friendly college. I received lots of one-on-one attention and was able to finish my degree quickly! Now, I am more marketable. I have more opportunities than ever."*

*more marketable*

- Aletha

# Psychology

## Bachelor of Science in Counseling Psychology

This graduate preparatory program offers a unique blending of psychology and counseling courses and is designed for students pursuing a career in the mental health field.

While at Rochester College, Denise wrote a research paper that she will present at the upcoming national American Psychological Association Conference. She is currently in graduate school.

*"The professors at Rochester College have helped me succeed academically, personally, and spiritually. Rochester College has given me not only an excellent education, but also a new mindset that goes beyond education."*

- Denise

*helped me succeed*

# Early Childhood

## Bachelor of Science in Early Childhood Education

This program is designed for students who are already employed in early childhood education and desire to increase their skills and qualifications. Education patterns of young children are explored, as well as administration, reporting, and legal issues within the field.

*"I've told everyone I know about Rochester College. My friends are like me (we are working and we have families) and the convenience that Rochester College offers is perfect for us."*

- Brooke

*I've told everyone*

# Computers

## Bachelor of Science in Computer Systems Management

The Computer Systems Management program complements technical knowledge and provides a well-rounded foundation in computer systems management. The curriculum is approached from a management perspective in order to prepare students to assume leadership roles within IT departments.

*"Rochester College brings the real world into the classroom. I left several colleges because they only wanted to talk about theory, but Rochester is different. We are constantly applying what we learn."*

- Scott

*Rochester is different*

# Mass Communication

## Bachelor of Science in Mass Communication

This new program is available to all graduates of Specs Howard School of Broadcast Arts starting January 2004. The curriculum is designed to complement the technical training received at Specs Howard and further prepare students for careers in broadcasting and the media.

# Associate of Arts

## Associate of Arts

Rochester College also offers an Associate of Arts Program for students taking the first step toward a college degree.
