## WELCOME TO THE CURRICULUM REVIEW SELF-STUDY PROCESS

Discipline/Program CIS-MMC-CT Coordinator(s) Bill Schanerberger  
(Multimedia Certificate)

CRC Mentor \_\_\_\_\_ Review Date: April 13, 2007

Thank you for agreeing to coordinate the Curriculum Review in your area. As Discipline/Program Case Review Coordinator, it is your responsibility to make sure the steps detailed below are completed by the Review Date. Your packet includes instructions and forms for completing the Review. If needed, a CRC mentor is available to you. Your Dean will also be able to provide meaningful assistance in completing this important task.

In the Part I-Core Review, the College asks your discipline/program to analyze its curriculum from a variety of perspectives. These include course offerings and contents, enrollment/retention, transfer trends, and plans for the future. An additional section of activities is contained in Part II. The nature of these review activities will depend on whether you are a member of a Discipline or a Program.

Included in this document to help you work on your review are: 1) Data Collection forms to distribute to your Discipline/Program Case colleagues and 2) Data Analysis forms with summary sections. Allow two to three months for this work. Please send all completed forms to the Chair of CRC 3 weeks prior to your scheduled review.

Once again, thank you for agreeing to work on this very important process with your colleagues. Together we will constantly strive to ensure the excellence of instruction at OCC.

CURRICULUM REVIEW SELF-STUDY PROCESS  
FOR  
DISCIPLINE/PROGRAM COORDINATORS

*Coordinator: The bold type below indicates forms that are attached and also available on the P drive.  
Check off steps as completed.*

- Step 1—Request that the Office of Assessment & Effectiveness (contact information available on InfoMart) to send you the Dashboard data for your Discipline/Program.
- Step 2—If you are an occupational program coordinator, distribute the PROE surveys to faculty, students, and advisory committees. Return completed surveys to the OCC's Office of State and Federal Programs 6 weeks before your scheduled review.
- Step 3—Send the Data Collection forms to all the full-time faculty and/or adjunct members of your Discipline/Program, as specified on each form.
- Step 4—Collect syllabi from all adjuncts and full-time faculty for every course they are teaching, and complete the Data Collection forms for each course.
- Step 5—After collecting the above data, complete the Data Analysis forms to help you organize and analyze the information you've gathered.
- Step 6— Complete the Curriculum Review Report by compiling the Data Analysis forms
- Step 7—Forward a DRAFT copy of your compiled Discipline/Program Curriculum Review Report along with a Faculty Sign-off form to all faculty participating in the review at least 6 weeks prior to your review appointment. NOTE: As part of the official CRC Review Document, please include the returned Faculty Sign-Off forms.
- Step 8—Send a completed hard copy of all completed forms (including the Data Collection, Data Analysis forms) to the Chairperson of the Curriculum Review Committee at least 3 weeks prior to your review, along with enough copies of your completed report for each committee member. The Chairperson will distribute them.
- Step 9—Present the Discipline/Program Self-Study to the Curriculum Review Committee on the appointed date.

The Curriculum Review Committee will then provide your Discipline/Program with recommendations and suggestions and share the results of your review with the College Academic Senate, Vice-Chancellor of Academic and Student Services, and the Office of Assessment & Effectiveness.

CATALOG COURSE DESCRIPTION REVIEW SUMMARY:

Certificate Requirements

As shown above in the requirements for multimedia certificate, the courses which students must take are divided into two categories: certificate requirements; and certificate electives.

Course Descriptions

Based on multiple discussions in past CIS discipline meetings, the general consensus within the discipline is that the entire multimedia certificate requires a complete re-design. (See discussion below.) Therefore, the MMC 2100 course description should be re-written as part of that process. Descriptions for other required or elective CIS courses listed in the MMC program are required in other CIS degrees or certificate programs and, in general, do not require modification.

ENROLLMENT TRENDS AND STUDENT RETENTION  
REVIEW SUMMARY:

Over the past ten years, only eight MMC certificates have been awarded. Other than MMC internships, the only required MMC course was MMC 2100. In the past six years, MMC 2100 has only been offered two or three times. In each case, the enrollment was less than six students. Most of the student engagement in the program has centered on the MMC internships sponsored by art department faculty. In general, the MMC program has suffered from lack of attention from CIS.

#### D. DISCIPLINE/PROGRAM NEEDS AND RESOURCES

*Coordinator: Please summarize the needs, resources, and curriculum actions indicated on the Data Collection forms.*

What resources or services does your Discipline/Program need?

None submitted.

What curriculum revisions or development does your Discipline/Program see as beneficial to instruction?

A complete re-design of this program is required.

#### DISCIPLINE/PROGRAM NEEDS AND RESOURCES REVIEW SUMMARY:

The original idea for an MMC-like program was created within the OCC art department. For reasons difficult to explain, this program was attached to CIS to give it a home but most of the faculty support was still in the art department. Ever since MMC was attached to CIS, it has been treated as an orphaned program.

Recently, at a CIS discipline meeting, there was renewed interest from the faculty at the Highland Lakes campus in creating a new beginning for this program. There is genuine excitement that this program may finally emerge as a legitimate program with a new face and interesting content. Other educational institutions have created similar programs targeting new media communications as one of the areas that will attract future creative professionals who are also very technically savvy. Many of these comparable programs are interdisciplinary in nature.

As a start, the CIS faculty are proposing the following list of items to generate positive discussions that will result in the definition of an attractive new program.

New certificate title – “New Media”

Course topics – Multimedia databases, Storyboarding, Principles of video editing, Principles of video animation effects, Principles of 2D animation and programming, Principles of 3D animation, Principles of character design, Principles of 3D environment construction, Programming for Gaming environments, Digital imaging, Principles of digital audio editing, and Principles of DVD production and editing.

CRC  
PART II- PROGRAM REVIEW  
and  
PROGRAM REVIEW OF OCCUPATIONAL EVALUATION (PROE)

Under the provisions of the Carl D. Perkins Vocational and Technical Education Act/Public Law 105-332, if a Program is of an occupational nature, a Program Review in Occupational Education (PROE) report is required by the State of Michigan every five (5) years and can be used for the purposes of the Curriculum Review process.

*Coordinator: Data Collection and Data Analysis forms for the following review areas are attached.*

E. INPUT FROM INTERNAL & EXTERNAL COMMUNITY

- Collect information from faculty, students and external community (e.g., advisory committees and accrediting agencies) on your Program curriculum. It is recommended that you send or personally distribute these survey forms in your classes, during your advisory committee meetings, and/or at your departmental/staff meetings. Return these survey forms to the Office of State and Federal Programs.

Required survey forms:

- Individual Faculty Perceptions of Occupational Programs Forms
- Individual Student Perceptions of Occupational Programs Forms
- Individual Advisory Committee/Industry Perceptions of Occupational Program Forms

- Analyze the data you have received from the internal and external community surveys. Record your findings on the PROE Data Analysis form and Final Review Summary

F. COMPARABLE COURSES/PROGRAMS AND TRENDS

- Collect information on transferability and articulation from the Counseling Department. Obtain labor market trends from the Office of Assessment & Effectiveness. Identify the job performance requirements with the aid of advisory committees, professional journals, along with student and employer feedback.
- Analyze and summarize these findings.

G. OUTCOMES ASSESSMENT

- Analyze the results of your most recent Program Assessment Plan, particularly evidence regarding the quality of student learning, and recommended action plans.

INPUT FROM THE INTERNAL AND EXTERNAL COMMUNITY  
REVIEW SUMMARY

Faculty Input

No MMC-relevant data.

Student Input

This collection of survey responses represented an excellent cross-section of students from all different levels of CIS classes (i.e., 1000 and 2000-level courses) and from multiple OCC campuses.

As illustrated in the pie chart shown above, 4% (or approximately 14) of the 347 students surveyed indicated that Art was their program of study or career goal.

The bar charts showing results from student surveys indicate that CIS is doing a superior job in almost all categories. The percentage of positive responses (agree or strongly agree) averaged 95% over all questions. Due to the fact that most questions were relevant to an OCC program, many responses from students in non-CIS programs were not used in the last bar chart. For example, we may assume that answers from art students would be targeted toward the art program. Therefore, the only two questions that could be considered relevant to CIS are:

- Did the instructor seem knowledgeable about the subject matter? and
- Did the instructor make the material seem interesting?

On these two questions, CIS instructors scored exceptionally high marks of 100% and 97% positive responses.

Amidst all the excellent response scores, only the question of whether or not the student was informed about the program produced a lower score of 76%. However, this was only lower for CIS program students. The new web site that we recently created along with initiatives to improve external marketing should help improve this service to students.

F. COMPARABLE COURSES/PROGRAMS AND TRENDS

Coordinator: Answer the following questions.

1. List three institutions to which the courses in your Program transfer, and list the specific courses for each institution. (Consult with the Counseling Department)

No MMC-relevant data.

2. List the institutions with which articulation agreements exist that include the courses in your Program. (Consult with the Counseling Department)

No MMC-relevant data.

3. Provide information regarding labor market trends in your field. (Consult with the Office of Assessment & Effectiveness)

DATA ANALYSIS

G. COMPARABLE COURSES/PROGRAMS AND TRENDS

*Coordinator: Please use the data from the Comparable Courses/Programs and Trends Data Collection form to answer the following questions:*

1. Discuss how your program serves transferring students.

No MMC-relevant data.

2. Discuss the program's current articulation agreements. If your program does not transfer, discuss how the courses and/or program serve our students.

No MMC-relevant data.

3. Discuss employment opportunities for students in both the current and future job market.

The labor data from the U.S. BLS and from the State of Michigan show modest opportunities for graphic design professionals through 2012 and 2014. However, a re-definition of this certificate program toward topics such as "New Media" and "Visual Communications" will create a need to re-evaluate this labor and job market data in the new context.

4. Discuss the changes that will be made in your program in response to current/future employer expectations and market trends.

( In progress. First meeting with industry committee scheduled for April 20, 2007. )

COMPARABLE COURSES/PROGRAMS AND TRANSFER REVIEW SUMMARY:

H. OUTCOMES ASSESSMENT

*Coordinator: Complete this form after reviewing your most recent Program Assessment Plan. Obtain the most recent copy of your Program Assessment Plan from the Office of Assessment & Effectiveness. Please attach it your review.*

1. How have you used the findings from your Program Assessment to improve your program?
  
2. What revisions to your Program Assessment Plan would you suggest?
  
3. Discuss the SAGE findings that apply to the instruction in your Program.  
Obtain these findings from the Office of Assessment & Effectiveness.

OUTCOMES ASSESSMENT REVIEW SUMMARY:

Assessment data was generated for this certificate program but due to the fact that a complete re-design is planned, new assessment data will also need to be created.
