Oakland Community College
Degree Trends Report
Emergency Services Technology (EST)
1993-94 through 2002-03

The Degree Trends Report is developed by the Office of Institutional Research based on data compiled from official college records which are submitted to the State of Michigan for the IPEDS (Integrated Post-Secondary Education System) Annual Degrees Conferred Report. The Degree Trends Report examines trends of OCC degrees, based on specific programs. The standard format offers information about certificates and associate degrees awarded. In the event that a given program offers only a certificate or an associate degree, information describing the other type of award will not be shown.

Trends over a specified period of time are illustrated by the following graphs for Emergency Services Technology (EST)

- Ten-year trend showing the annual awards conferred in Emergency Services Technology

- Rate of change in annual awards conferred in Emergency Services Technology

- The three-year Moving Mean for annual awards conferred in Emergency Services Technology

- Ten-year trend in awards conferred collegewide.

Questions regarding this report can be forwarded to the Office of Institutional Research at (248) 341-2123.
