**Oakland Community College
Credit Hour Trends Report
Climate Control Tech
1991-92 through 2000-01**

Each year the Office of Institutional Research prepares the Credit Hour Trends report, based on data submitted to the State of Michigan in the annual ACS-6 (Activities Classification Structure) process. This report is based on each course section's official count date (1/10th Day). The Credit Hour Trends report examines annual (July 1 - June 30) enrollment trends of OCC disciplines, based on course prefix codes.

Trends over a specified period of time are illustrated by the following graphs for Climate Control Tech.

- Graph depicting ten year trend in student credit hours generated by Climate Control Tech
- Graphs depicting 3-year moving mean and rate of change in student credit hours for Climate Control Tech.
- Ten year trend in annual credit hours generated college-wide.

Questions regarding this report can be addressed to the Office of Institutional Research at (248) 341-2123.
