

CHEBOYGAN, Mich., Aug. 31.—Notwithstanding the public attention was distracted from all religious meetings to a great degree, by the report of the breaking out of smallpox, yet we had some attendance at our meetings, and have been assured of an interest in the primitive plea. The few disciples have banded together as a worshipping body, and are determined, in a united capacity, to push the work. Bro. Wm. D. Hudson is clerk and Bro. M. Sedaln is treasurer. I go next to Alpena, Mich.

Cheboygan has a majority of Roman Catholics, with officers, Council and police all of that religious persuasion, and is confessedly a hard place to gain converts to the primitive gospel. The brethren earnestly wish me to come again after a time.
