Jack M. Hoover Appointed To MCC Board

At the recent annual Meet- of the MCC Board of Directors held at the college, Jack N. Hoover of Dearborn, Michigan, was unanimously elected to the Board.

Chairman G. Wheeler Utley, in writing to brother Hoover, said, "Your interest in Christian education has been proven through the years. Your interest in MCC, in particular, has been shown by your great service to her. As we strive to make MCC a greater institution of good in every way, we know that we must begin by improving the Board, both by increased sacrifice from its members, and by addition of

outstanding personnel. We know the action of the Board in this instance has accomplished an upward step. We know that your experience, wisdom, and Christian stature will be invaluable to the great work at MCC."

Brother Hoover confirmed his willingness to serve in a letter to Chairman Utley on November 10, 1965. Mr. Hoover is one of the best known and best loved members of the church in the Detroit area. His knowledge of the growth and development of the church in Michigan is extensive. He is a very active member of the Chase Road (Dearborn) congregation.

For many years, Mr. Hoover was

associated with the Tung-Sol Electric Company, and for thirty years was manager of the Detroit and Columbus (Cont'd Page 2)

Michigan Goes to Lake Geneva

By VERNON BOYD

Berkley, Illinois

Fifty-one church leaders of the greater Detroit area gathered with the more than 300 Christians on the shores of Lake Geneva, Wisconsin - "the Switzerland of America" - last August, participating in the four-day Lake Geneva Encampment.

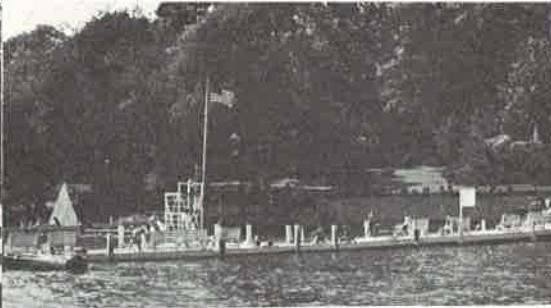

Several of the family of Michigan Christian College were featured on the program including Lucien Palmer, President, Dan Woodroof, Director of Public Relations, and MCC Field Representative Bob Miller. The Encampment theme "Metropolitan Evan- (Cont'd Page 2)

-gelism" was so enthusiastically received that it was decided to continue the subject in 1966.

Lake Geneva, like the Blue Ridge program in the South, gives opportunity to Christian families in the North to visit and vacation together with outstanding church leaders. Ira North, who conceived the Lake Geneva idea, is still the director of the sessions and the encampment has seen a steady growth over the years under his enthusiastic leadership.

For decades the Geo. Williams (YMCA) College summer camp has been a favorite of thousands as an ideal place to relax with the family. Water sports, golfing, tennis, horse-back riding, and even Go-karting are available nearby.

Two hundred college students are on the staff to

care for your needs from Baby-sitting to serving your meals in the beautiful private dining room overlooking the lake. They also conduct a free activity program each morning for the children. Mothers get to relax since there are no dishes to wash or beds to make!

JUNE 27 - JULY 1

The Encampment has grown so much that the complete camp facilities (which will accommodate 600 people) is available for us in 1966.

-lumbus, Ohio branches of the company. More recently he has retired and is now giving his life, with Mrs. Hoover, in assisting the Dearborn congregation and related good works.

He assisted greatly in promoting the Herald of Truth Program in the Detroit area. For twenty years, he was a member of the Potter Orphan Home Board of Directors and served on the Board of Directors of Ohio Valley College. He is an example of one being "ready unto every good work".

Mr. Hoover has been deeply interested in the development of MCC. He served for some time as Director of Development and during this time helped greatly in the securing of funds for the college, especially through the Living Endowment Club Program. As he now becomes a member of the Board of Directors, he emphasizes that "he is not interested in a seat of honor, and his willingness to serve on the Board is for the purpose of rendering service for a great cause and to make himself available to actively assist in, not only the making of policies for the college, but in its actual development program."

Lucien Palmer said, "As President of MCC, I sincerely welcome brother Hoover's appointment to the Board. He has been of great personal encouragement to me, and I am fully aware of his active interest in MCC. I look forward to sitting in counsel with him along with the other board members. One of the

Although they lost to Tiffin University in a non-league game, the Warriors scalped Great Lakes Bible College of Lansing by a score 163 to 42, November 12, and split a doubleheader with Northeastern Christian of Villanova, Pa. They won over the hard-playing Baptist Bible College team of Grand Rapids December 4 by the close 85-82 margin.

MCC Salutes "Russia For Christ" Broadcast On 6th Anniversary

In November, 1959, the first gospel sermon was broadcast to the Soviet Union. It originated from a little concrete block building on the campus of MCC.

Stephan Bilak, a native Ukrainian, is now speaking five times each week to the Slavic world over stations in Monte Carlo and Inchon, S. Korea.

In addition, Brother Bilak has translated Monroe Hawley's cor-

respondence Course and Batsell Baxter's tract, "what is the Church of Christ" into the Ukrainian language.

Broadcasts now originate in a well-equipped studio located in the new facilities of the Rochester church. "Russia For Christ" Broadcast has been under the oversight of the Rochester elders since April 1, 1965.
