OPERATION 10

**A STUDENT BODY EFFORT
FOR THE GROWTH OF OUR SCHOOL**

Students Launch Drive

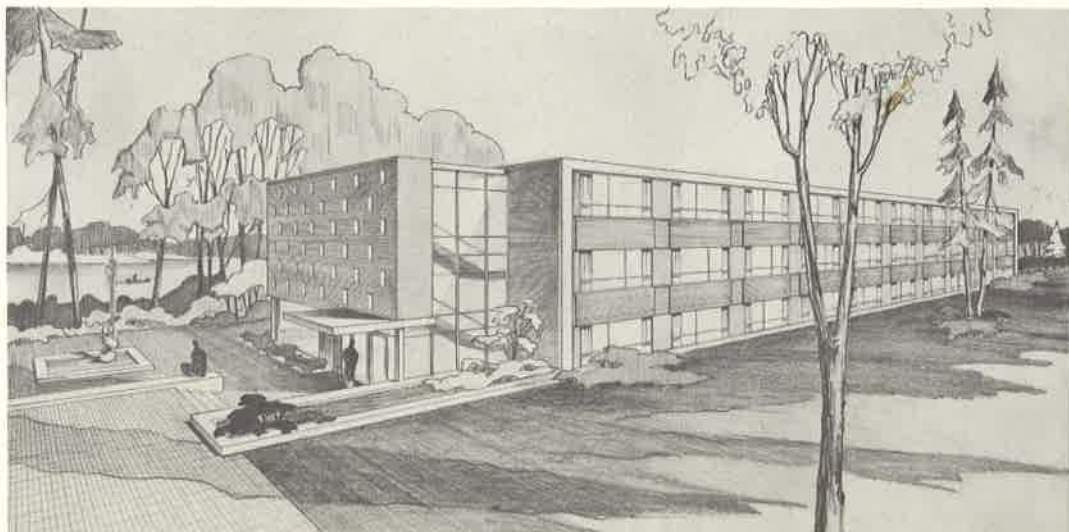

We, the first student body of North Central Christian College, are so thrilled over the wonderful start that the school has made, that we are launching "OPERATION 10" because we want you to give \$10 to aid the growth and expansion of our school.

To be able to accept the expected increase in enrollment applications next year, NCCC must have this new dormitory building. The Student Body, as a united group and following the suggestion of one of our members, is undertaking to assemble the funds needed to build this planned dormitory. We will be individually asking each of our relatives and friends to help us make the construction of this new dormitory possible in time for use next fall.

We are asking for \$10 from each of you. However, this is merely a suggested figure. What we really desire is that you carefully consider the need for Christian education, your faith in the advantages of Christian schools, our program and progress here, and the many things that still need to be done for the cause of Christ. Then, consider prayerfully whether you are doing all that you could and should do toward helping the cause of Christ in a financial way. (Continued on page 3)

We Need this Dormitory . . . and Your Help!

**APPROX.
COST
\$200,000**

**YOUR
PART
\$10**

STUDENTS LAUNCH DRIVE—(Cont. from page 1)

When you have done these things, we are sure that you will find that you are able to help us to some degree, whether it be small or large. Why not be partners with us in helping those who follow us to have an even better opportunity than we have had? Please help us by telling others about our project and urging them to participate in it.

President Gatewood Speaks—

"The students who are in N.C.C.C. already have their rooms, so their housing here next year is assured. Their request is not therefore selfish. They want other students to come to the school which they have come to love so much. In helping them in this project, you help your own children to have a Christian home during the years they are in college."

and a Wonderful Student Body

This first class at North Central Christian is really enthusiastic about this new Christian college. We are thankful to be in the first class and want to help the school get off to a good start. There are many duties connected with being the first class. Along with these we want to help the school grow.

For the first class we have 142 students, 55 of which are full-time students. They come from nine states, Canada, and The Union of South Africa. A large percentage of these students will devote their lives to the work of the church in a full-time capacity. Many will take the gospel to a foreign land. Almost all of these students will be leaders of the church.

At NCCC we have a wonderful educational opportunity. We have the best of training in almost every field.

This education can mean so much in worldly benefits but much more important are the spiritual benefits. Here we learn more about God's word and how to live a Christian life. We gain enthusiasm for the church and learn how to present the truths to others. The school has a Christian atmosphere which is becoming a part of our lives and will remain with us after college.

All of this could not have been possible without the prayers and assistance of faithful Christians. The school cannot continue and grow without your further help. We feel as if every effort for the school is returned one hundred-fold. You can help make North Central Christian an even better school.

TOM LEWIS, *President*
N.C.C.C. Student Body
