

Living Endowment Clubs Guarantee Our Future

All Colleges, public or private, must be Accredited to fully serve their role in society. A school cannot be accredited without a guaranteed source of income other than tuition and fees from the students.

State-supported schools obtain this additional income in the form of tax money. Michigan Christian College must obtain its guaranteed income from some other source. The Living Endowment Clubs were started for this purpose.

Michigan Christian Cannot Be Accredited Without Your Living Endowment Support

The state accrediting agencies have accredited Michigan Christian because enough individuals agreed to underwrite our operating deficit. This is called Living Endowment, because those who give are

still alive and the total amount they give is used for operating costs.

Since there are no large contributors to Michigan Christian we must depend upon the monthly contributions you and others give. Without your help we cannot exist.

The Living Endowment Picture Will Not Be Complete Without You!

Step into the picture with other Christians today!

This is your opportunity to help guarantee the future of Michigan Christian College. The satisfaction of helping the school is a good reward for donating to its cause. In giving to it you will join many others who are making it possible to maintain an institution of learning that will help promote the cause of Christ through its students.

Select the Endowment Club to suit your ability. There is a list of the six clubs on the back of this folder.
