DALNET Partnership Team

SUBJECT: Detroit College of Business (DCOB) Library
Horizon Site Visit

DATE: March 3, 1997

Thank you for being willing to help the DALNET Partnership Team look more closely at Horizon. The site visit to the DCOB Library on March 5th from 1 to 4 p.m. has been scheduled to learn more about Horizon before we have a day-long demo by Ameritech experts on March 11th. Please reserve all day (9:00 - 6:30) March 11th on your calendars to attend the Horizon demo with the Partnership Team.

Our goals for the Horizon demo include:

- 1) to confirm our findings from the structured demo about key features and functionality needed for Horizon to work for DALNET. A list of those features is attached for your review before the DCOB visit.
- 2) to further educate the DALNET Partnership Team about significant limitations (show stoppers) of Horizon for DALNET. We need to find out Ameritech's plans to fix or enhance these areas within a timetable that meets our needs. Also attached for your review is a summary of likes and dislikes about Horizon that the Team has compiled from calls to operational Horizon sites.

This information will help the Partnership Team identify areas for Horizon enhancement to be developed by Ameritech as part of our proposed partnership.
