Dear Karen,

I would like to thank you for your past three years plus service on the DALNET Steering Committee. Your dedication and willingness to contribute to this important DALNET Committee is appreciated. I also appreciate the time commitment you made to this Committee as well. Your position was unique, being one of the few people on the Steering Committee to bring a public service viewpoint to our meetings. This helped us keep that focus in mind. I am also grateful for your willingness to host meetings at Wayne State and your friendly manner. I am sure Wayne State has cherished your contributions, as have I. You will be missed on this Committee.

Thank you very much indeed.

Sincerely,

Scott P. Muir
