Oakland Community College
Degree Trends Report
1990-91 through 1999-00

Executive Summary

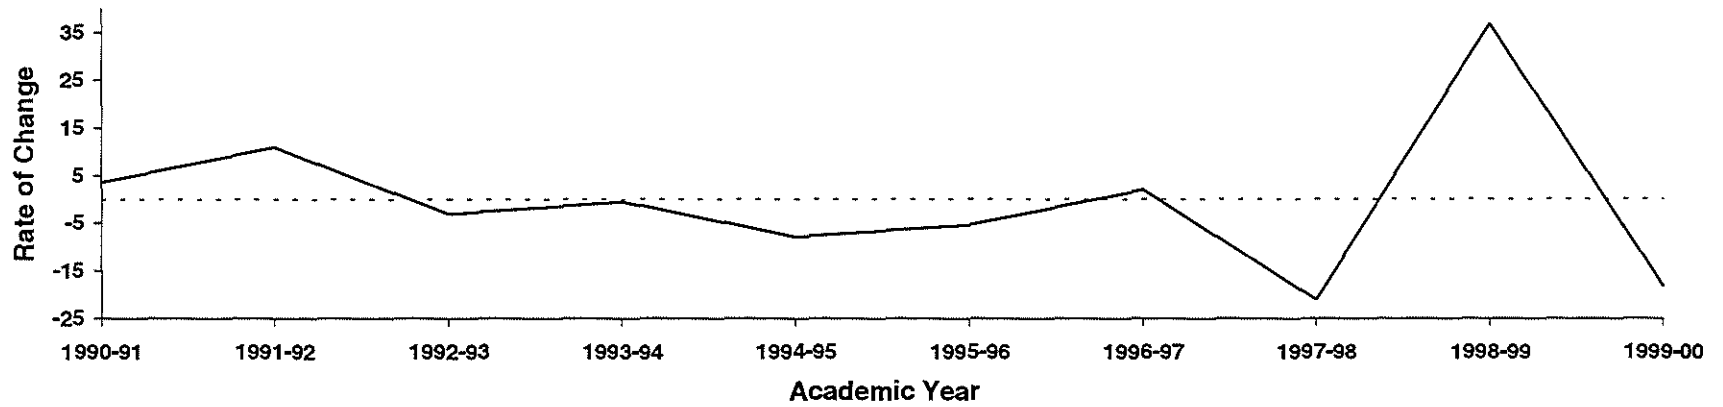

- The annual Degree Trends Report examines the total number of formal awards (Certificates and Associate Degrees) granted to students during the academic year (July 1 – June 30). In order to illustrate dynamic changes this report presents information in graphic as well as tabular format.
- During 1999-00 a total of 1,657 Associate Degrees were awarded. This represents an 18% (371) decline from the previous year when 2,028 Associate Degrees were granted. Over the same period of time an even larger decline occurred in the number of Certificates awarded. During 1999-00 a total of 88 Certificates were granted. This represents a 45% (73) decline from the previous year.
- The top five degree granting programs include: Liberal Arts (510), Business Administration (188), General Studies (188), Nursing (135) and Science (51). Meanwhile, the top Certificate granting programs include: Computer Programmer (24), Practical Nursing (6), Business Information Systems (5), Massage Therapy (5), Computer User (4), and Industrial Technology – Skilled Trade (4).
- A total of 71 programs granted Associate Degrees during 1999-00. Among these programs 23 awarded more than 10 degrees, 11 granted between 6-10 degrees, while the remaining 37 programs granted five or fewer degrees.
- During 1999-00 twenty-nine programs granted Certificates. One program granted more than 10 Certificates, one awarded between 6-10 Certificates, while the remaining twenty-seven programs awarded five or fewer Certificates.
